

Shadesail Maintenance Checklist

Grease all stainless steel threads on sail fittings with lanolin or similar before installing.

Remove sail annually or biannually for cleaning or as particular environments dictate

Water blast (on a concrete surface) with medium pressure, high volume unit, preferably with a patio cleaner attachment

I can offer you this service.

I will come over, take down, clean, return and re-install

Proof of purchase must be provided on all warranty claims

We've Got You Covered!
