The New Monaco umbrella is the finest luxury outdoor umbrella we have ever made

The Monaco is our newly designed premium grade outdoor umbrella. This umbrella is the centre pole version of our top selling Riviera cantilever umbrella and uses the same stylish, yet very strong arms and fittings as the Riviera except that it has a sturdy 50mm thick anodised aluminium centre pole. The design of the Monaco is based on over 15 years of experience we have gained while designing, engineering and exporting premium quality outdoor umbrellas all over the world.

Monaco Advantages

- Stunning design using the finest quality materials
- Rust free marine grade anodised aluminium frame
- 3 year back to base warranty on frame and components
- Finest quality European made acrylic canvas fabric with 5 year warranty against fading.
- Superior strength and durability even in windy locations
- Available in a range of sizes right up to 4.0m
- Anodised aluminium framing is not painted so cannot flake or scratch off
- All fixings and components are stainless steel suitable for coastal environments
- Heavy duty 50mm dia. post with 3mm thick aluminium

Printing & Branding - The Monaco outdoor umbrella can be screen printed easily and affordably for maximum brand exposure. Bold colourful logos or subtle branding – we can make it easy for you. Our design team will prepare a draft layout for your approval so you can see exactly how the printed umbrella will look once production is completed.

Strong glass filled nylon arm joints

Internal pin guide for easy insertion of pin

Heavy duty stainless steel pulley and rope system for durability

Fabric canopy secured with stainless steel screws

Acrylic Canvas Canopy

European Made 100% Solution-Dyed Acrylic Canvas

The premium marine-grade fabric comes with a 5 year warranty and has the best available colour fastness rating of 7-8 out of 8*. It also has the highest possible UV protection rating of UPF 80, cutting out the maximum amount of harmful UV light for excellent sun protection.

**Colours with red colour pigmentation (red, orange, yellow etc.) will have lower colour fastness than other colours and will show some fading earlier.*

Base & Fitting Accessories

34kg Commercial steel base with wheels and 50mm spigot

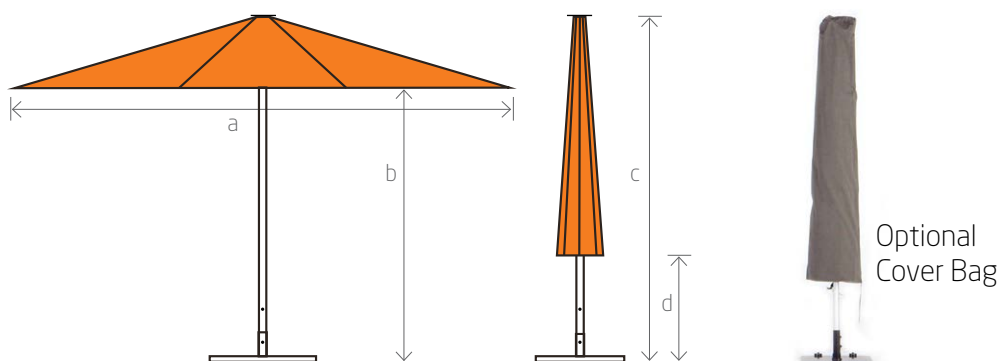

35kg/45kg Galvanised steel bases with 40mm or 50mm spigots

In-ground fittings with 40mm or 50mm spigots

Camlock Spigot with 40mm or 50mm spigots
